**Re: Dodd-Frank Act 1502 requirements**

**Trajouce, July 2013**

Dear Sir / Madam,

Following the requests of some customers, in what concerns Dodd-Frank Act 1502 requirements, we hereby confirm that we already contacted all our suppliers that includes metals in their raw-material, in order to trace and report the source of 3TG (tin, tantalum, tungsten and gold).

To our best knowledge, our raw materials based on the statements of our suppliers are not sourced from mines in conflict areas and countries of origin defined in the Dodd-Frank Act..

VITROHM Portuguesa Lda.  
General Management.
